A very attractive Mosel riesling, but rather round and generous for kabinet. Very good balance at the finish. Great with summer salads or smoked fish. Drink now or in 2018 and 2019.

Lovely ripe mango and melon bouquet. Luscious and lively from the tip of your tongue right to the back. Delicious now or any time during the next five years.

Much more herbal than most of the 2016 spätlese from the Mosel, but juicy enough that it's also got some immediate appeal. You could drink this right away or any time during the next 5 years.
